Financial Value Transparency (FVT) & Student Tuition and Transparency System (STATS) Data Reporting

November 10th, 2026

U.S. Department of Education

Three Open Reporting Cycles

2024 Reporting Cycle	Includes data from AY2022-23 and AY2023-24, and possibly data from earlier years*
2025 Reporting Cycle	AY2024-25
2026 Reporting Cycle	AY2025-26

**Note: More years of data are required for institutions that file as standard reporters.*

Files Included in Each Reporting Cycle

2024 Cycle

1. **Program File** for the 2023-24 award year
2. Student **Annual Amount** records for the 2023-24 award year
3. Student **Total Amount** records for (at min.*) the:
   - 2022-23 award year
4.
   - 2023-24 award year

2025 Cycle

5. **Program File** for the 2024-25 award year
6. Student **Annual Amount** records for the 2024-25 award year
7. Student **Total Amount** records for the 2024-25 award year

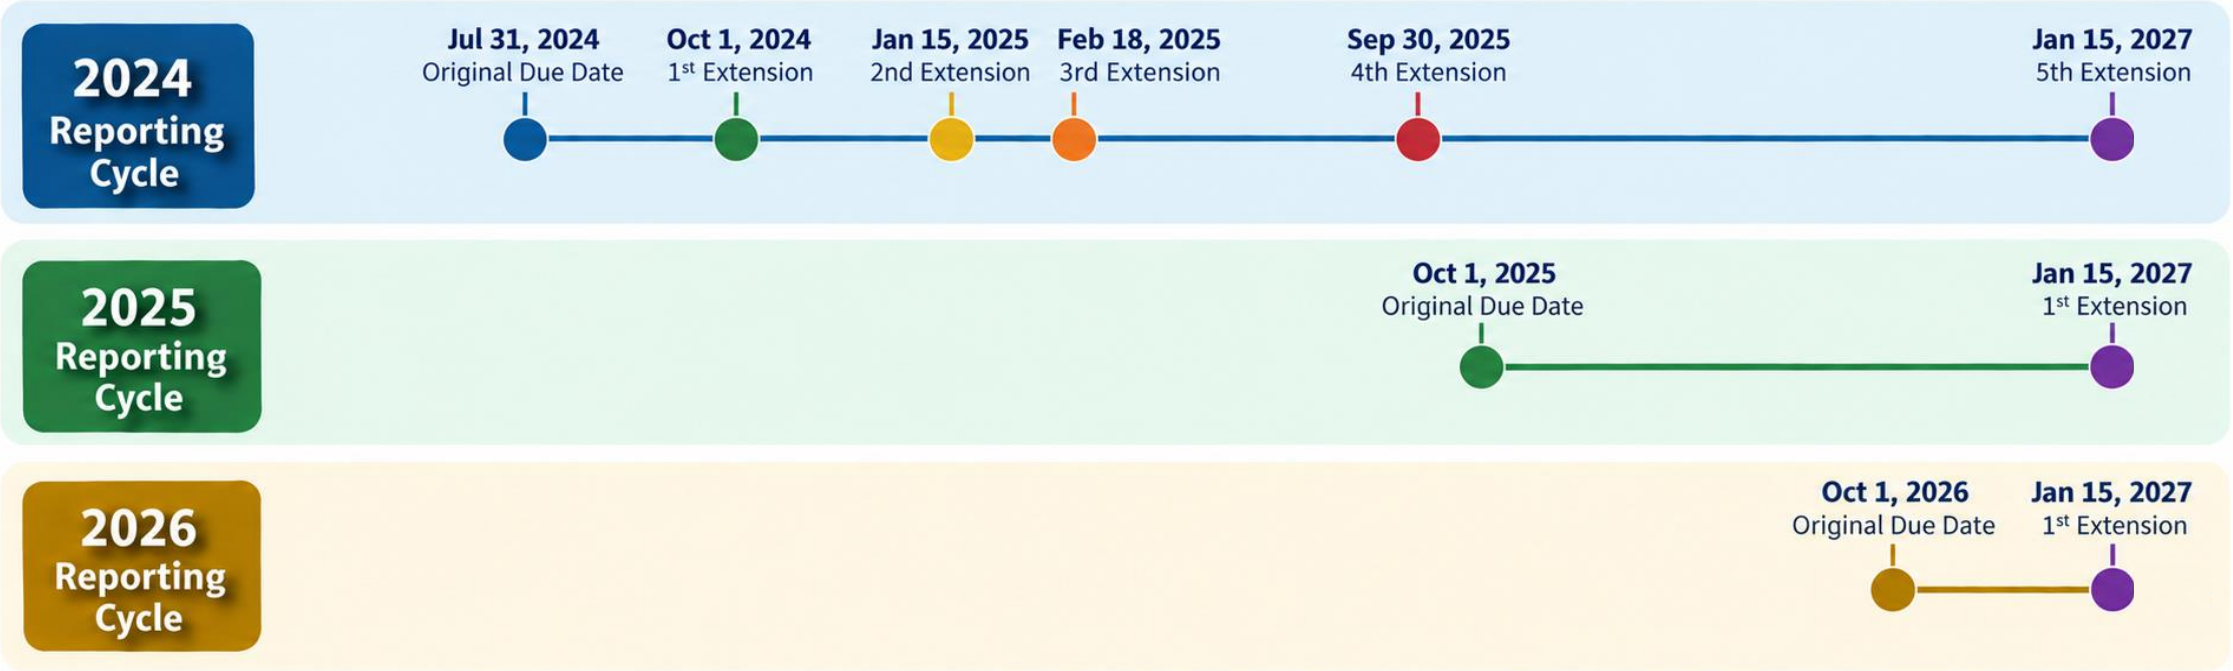
2026 Cycle

8. **Program File** for the 2025-26 award year
9. Student **Annual Amount** records for the 2025-26 award year
10. Student **Total Amount** records for the 2025-26 award year

**Note: This assumes institutions file as transitional reporters in the 2024 Reporting Cycle. Additional years of data are required for institutions that file as standard reporters.*

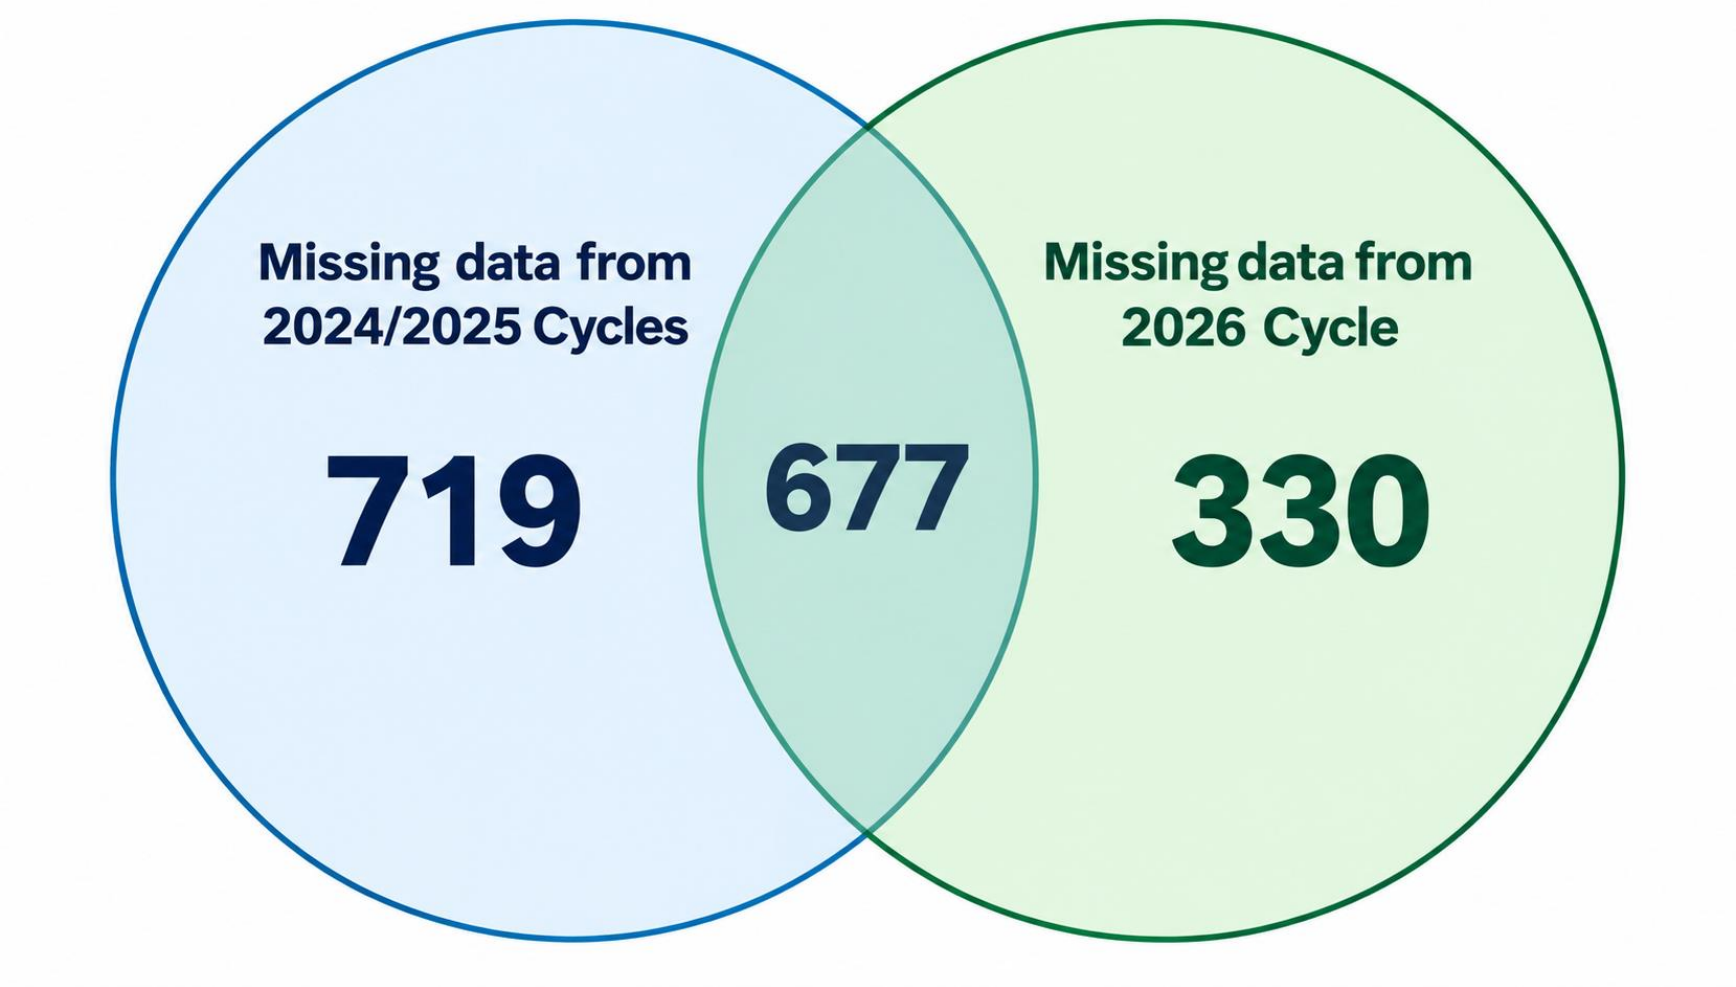
Reporting Deadline

- Data for all three reporting cycles are due on **January 15th, 2027.**
- The Department has already granted multiple prior extensions.
- **There will be no additional extensions granted.**



Note: Timeline not to scale.

Many institutions have not yet submitted their data



Note: Data were tabulated on October 5th, 2026.

Noncompliance is Concentrated in Certain Sectors

	Predominantly Certificate Granting	Predominantly Associate Granting	Predominantly Bachelor Granting	Entirely Graduate Degree Granting
Public	13%	10%	6%	0%
Private Non-Profit	4%	3%	18%	4%
Private For-Profit	37%	2%	1%	1%

Note: Data were tabulated on October 5th, 2026.

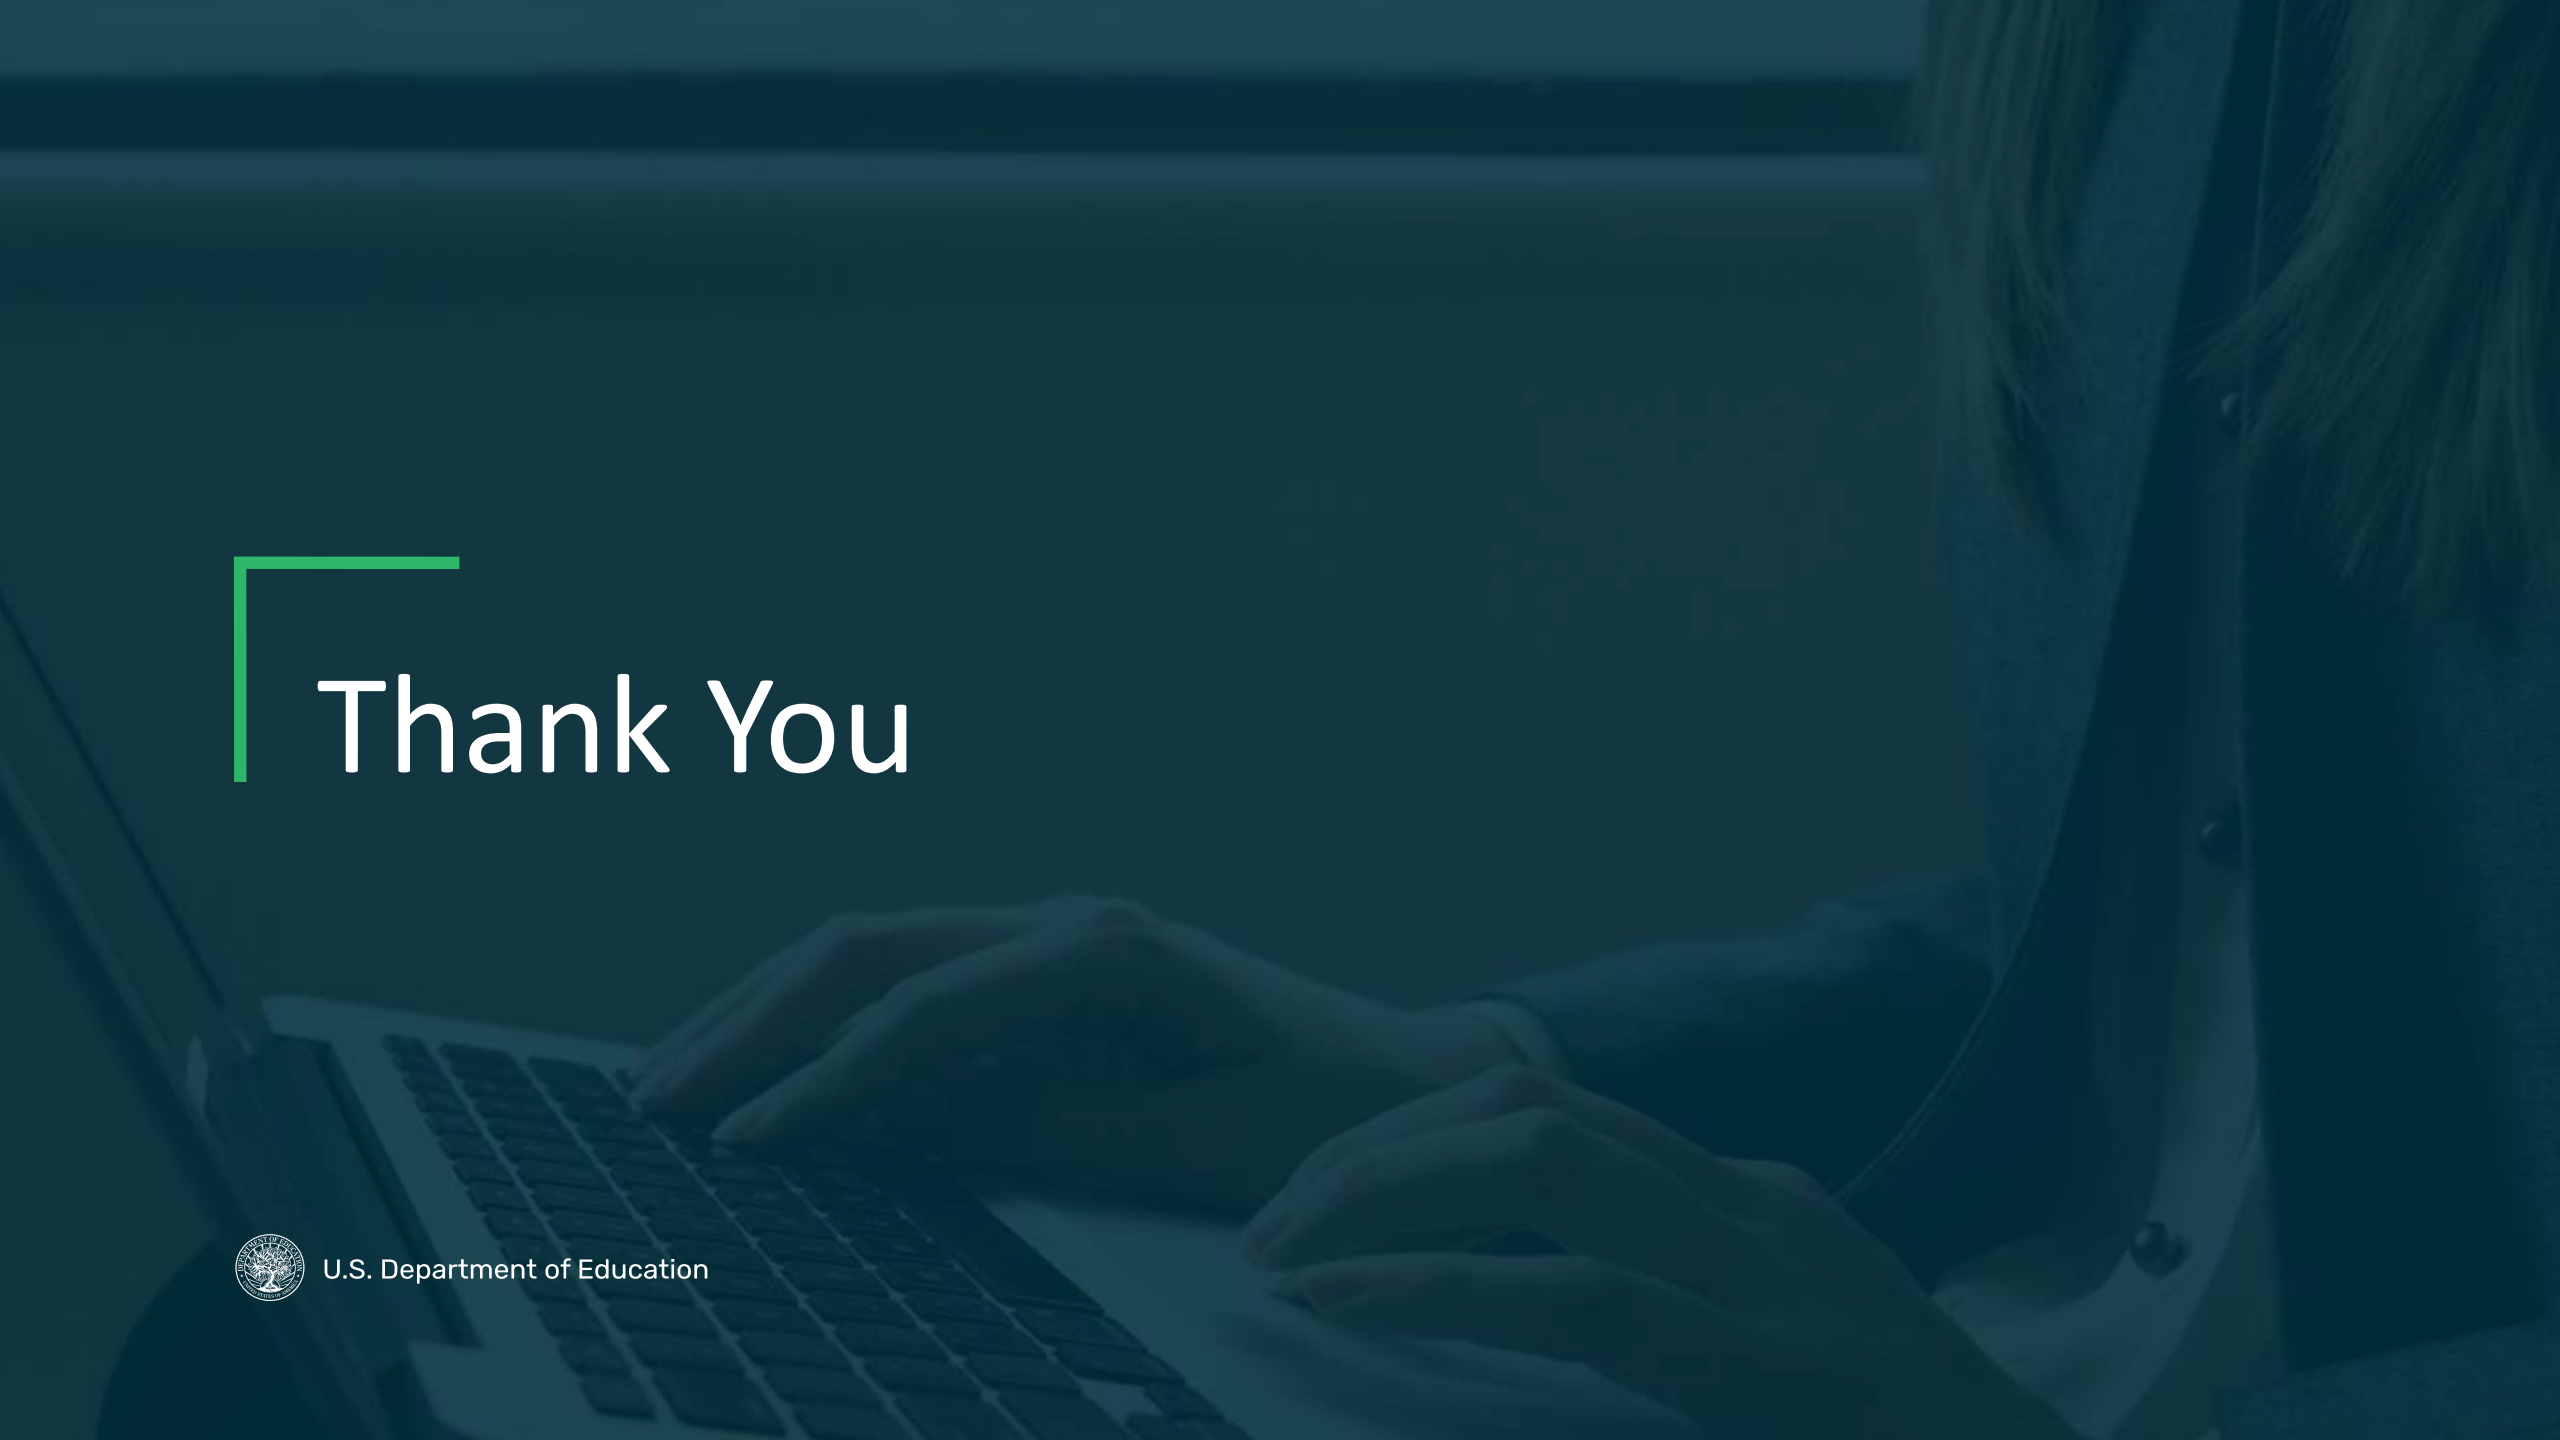
Importance of Reporting

- The data provides current and prospective students with critical information on tuition prices, completion rates, private loan borrowing, licensure pass rates, and more.
- The Department **will consider** taking action against institutions that fail to submit all required FVT/GE data by January 15th, 2027.
- This may include heightened cash monitoring, fines, sanctions, or other actions as determined by the Secretary.

Public Data Coming in 2027

Per GEN-26-49: *"ED intends to publish data and statistics derived from FVT […] in 2027. We will first publish draft data and statistics and allow institutions to review the information prior to those data being finalized. Later in the year, we will publish the final data and statistics derived from the FVT/GE and STATS data. In future years, we intend to continue publishing draft and final data on an annual basis."*

Thank You



U.S. Department of Education
