## Membership Criteria

ACE institutional membership is open to all U.S. degree-granting colleges and universities that are accredited by a CHEA-recognized accrediting agency. (For questions on accreditation qualifications, please contact ACE's Membership Department.) Affiliate membership is available to U.S. degree-granting institutions that are accepted candidates for accreditation by a CHEA-recognized accrediting agency. System offices also are eligible for membership. In most cases, the chief executives of these institutions represent their campuses in all ACE activities.

## Membership Rates

ACE institutional dues are based on full-time equivalent (FTE) enrollment and general expenditure (GE). This information is downloaded from the U.S. Department of Education's Integrated Postsecondary Education Data System (IPEDS). All system offices are billed at one fixed rate. If two-thirds of a system's campuses are ACE members, the system receives a complimentary membership.
