Membership Criteria

ACE membership is open to the following sectors:

- Executive search firms that are eligible for membership in the ACE Executive Search Roundtable. The ACE Roundtable was established in 1985 as a means of addressing the mutual interest of ACE and executive search firms in the identification of talented leaders for the nation's colleges and universities. Members in this category have a nonvoting status.
- Corporations whose work reflects a significant focus on higher education-related issues.
- National and regional education associations.

In most cases, the chief executives of these institutions represent their campuses in all ACE activities.

Membership Rates
