INFORMATION ON MEMBERSHIP

MEMBERSHIP CRITERIA

Institutional Membership

ACE institutional membership is open to all U.S. degree-granting colleges and universities that are accredited by a CHEA-recognized accrediting agency. In most cases, the chief executives of these institutions represent their campuses in all ACE activities.

Non-Institutional Membership

ACE membership is open to the following sectors:

- National and regional education associations.
- International members are higher education, degree-granting institutions or associations that are recognized by an appropriate national authority and based outside of the United States and its territories.

In most cases, the chief executives of these institutions represent their organizations in all ACE activities.

MEMBERSHIP RATES

For information on rates, please contact ACE's Membership Department at 202-939-9340 or membership@acenet.edu to find out the current dues rates.

ACE institutional dues are based on full-time equivalent (FTE) enrollment and general expenditure (GE). This information is downloaded from the U.S. Department of Education's Integrated Postsecondary Education Data System (IPEDS). All associations and international members are billed at a fixed rate. If two-thirds of a system's campuses are ACE members, the system receives a complimentary membership.
