Ruby on Rails

Issued by: Lincoln Technology Institute

Issued to: Jay Doe

Issued on: 1 April 2018

Description

Ruby on Rails

Course Number: ID-0001

Total Credits: 1

Grade: Pass

Credit Recommendation

- 1 semester hour in QA in the vocational category

Biology

Issued by: Distance Learning Systems Inc.

Issued to: Jay Doe

Issued on: 27 February 2019

Description

The earner of this badge understands information collection and interpretation, hypothesis analysis, and principles and processes of biology; how to address fundamental biological principles using the two cornerstones of modern biology: genetics and evolution. Elementary chemistry, cell theory, reproduction, and development were also covered. The emphasis is on biological chemistry, cell structure and function, cellular metabolism, genetics.

Course Number: DLSI-0002

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in biology, biological sciences, or general biology in the lower-division undergraduate category

---

Javascript

Issued by: Lincoln Technology Institute

Issued to: Jay Doe

Issued on: 17 March 2019

Description

Badge holders have demonstrated through self-directed project-based learning, a competence in the foundations of JavaScript, algorithms and data structures. Javascript is a high-level programming language that all modern web browsers support. It is also one of the core technologies of the web, along with HTML and CSS.
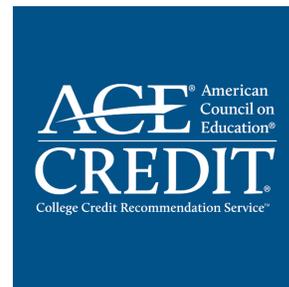

Course Number: LINC0001

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in computer programming in the lower-division undergraduate category

Transcript Legend

American Council on Education Endorsement: Courses that carry an ACE endorsement of recommended college credits or competencies are designated by the ACE logo in the left margin. The following policies apply only to ACE-endorsed courses within the transcript.

Name: Legal name as entered by the student at the time of transcript request. Because students may complete courses from multiple organizations, each course also includes the name under which the credential was issued for tracking and verification if necessary.

Credly ID#: Due to a system of record change in 2019, student ID numbers may not match numbers on older ACE transcripts

Issued on: The date when the student completed the associated course.

Courses: ACE-endorsed courses include a unique identifier that ACE assigns to courses and examinations. The letter prefix designates the organization providing the course. Duplicates may appear if a student took and passed the course more than once.

Credit Recommendations: Recommendations for college credit are designated in semester hour units (SH). Each recommendation includes a total number of SH credits recommended and a breakdown of one or more subject areas and credit levels. Levels for which recommendations are issued include Vocational/Certificate, Lower Division (100-200 level courses), Upper Division (300-400 level courses), and Graduate (500+ level courses).

Grade: ACE-endorsed courses are only included on this official transcript if the student achieved a passing grade. ACE-endorsed courses meet the following minimum grading requirements: Students must earn a minimum "C" grade for Vocational/Certificate, Lower Division, and Upper Division credit and a minimum "B" grade for Graduate level credit.

Additional Resources: Additional information on ACE-endorsed courses, such as learning outcomes, assessment methods, etc. can be found in the National Guide to College Credit for Workforce Training at https://www2.acenet.edu/credit/. Military training and occupations that carry college credit recommendations can be found at The Guide to Evaluation of Educational Experiences in the Armed Services: https://www.acenet.edu/Programs-Services/Pages/Credit-Transcripts/military-guide-online.aspx

The American Council on Education's College Credit Recommendation Service (CREDIT ®) connects workplace learning with colleges and universities by helping adults gain access to academic credit for formal courses and examinations taken outside traditional degree programs. ACE is the national leader in the evaluation process for education and training obtained outside the classroom.

ACE CREDIT® reviews are conducted by experienced college and university faculty who assess the content, scope, and rigor of an organization's courses or examinations and make appropriate recommendations for comparable college credit and competencies achieved by students. For more information on processes and standards for ACE CREDIT® reviews, visit https://www.acenet.edu/Programs-Services/Pages/Credit-Transcripts/Colleges-Universities.aspx
