At ACE2022, over 1,000 campus and nonprofit leaders will come together again in person to explore practical solutions for today’s issues, discuss and analyze the year’s biggest trends, and discover sustainable strategies for their campus’s future. Every year, ACE Annual Meeting attendees include presidents, chancellors, provosts, chief academic officers, vice presidents, chief diversity officers, directors, deans, and other campus leaders.

ACE represents more than 1,700 college and university presidents and the executives at related associations, and it is the only national higher education association to represent all types of U.S. accredited, degree-granting institutions: two-year and four-year, public and private.

For more than a century, the Annual Meeting has convened representatives from all sectors to collectively tackle the toughest higher education challenges, with a focus on inclusion, innovation, improving access and preparing every student to succeed, public policy and research, and internationalization and global engagement.

Join us this year at the Marriott Marquis San Diego Marina in San Diego, California from March 5–7, 2022 and connect to the higher education community with ACE. Together we can move higher education forward.
